

Carmela is a very happy, bright and funny four year old, with a zest for life, living in our local community. She has L-CMD, a rare, progressive muscle-wasting condition and she struggles with daily obstacles.

We are pleased to support **Carmela's Stand Up To Muscular Dystrophy**, a campaign set up with Muscular Dystrophy UK to raise funds for pioneering research into this very rare condition.

On Friday 1st February we're all going to go orange for the day.

For a £1 donation, children are invited to come to school wearing orange clothes. Children can wear all orange or just one item e.g., a pair of socks, a top, a hairband.

Wear something orange and brighten the future for everyone with muscle-wasting conditions.
