

8th October 2019

Dear Parents and Guardians,

The Urchfont School Parents Association (USPA) are meeting at The Lamb on the 10th October from 7-8pm and would love to see as many of you there as possible. Its a chance to hear about the events we held last school year but also for you to give us some input to the things you would like to see in this coming year.

USPA is an important part of the school community, raising funds for things like Forest School, supporting some of the sporting experiences last year and time honoured traditions such as the Easter Egg Hunt! Its also great to see that despite some initial installations challenges, the pupils have been able to utilise the USPA funded Pirate Ship from the start of this term!

We are always looking for parents to hep with USPA activities in support of the school. This help can be in the form of a committee member, a member of a single event team or a helper on the day! If you feel you could support USPA and the kids of Urchfont School then come along on the 10th!
